

**UNITED STATES BANKRUPTCY COURT
MIDDLE DISTRICT OF FLORIDA
REQUEST BY INDIVIDUAL PRO SE DEBTOR
TO RECEIVE EMAIL NOTIFICATION**

If you are an **individual debtor** who is not represented by an attorney (pro se debtor) and you have an email account, you may elect to be notified by email (rather than by U.S. Mail) whenever the Court generates a notice or order in your case. If you make this election, you will not receive paper copies of Court-generated notices and orders.

Email notifications will contain a hyperlink to all documents filed in your case. You must have Adobe Acrobat Reader installed to view the documents, and **you must also apply for an account with Public Access to Court Electronic Records (PACER)** at: www.pacer.psc.uscourts.gov. There is no charge for the first time you view a document; however, you will be required to pay an access fee if you access the document again. Please visit the PACER website for fee information. To avoid the access fee, you should print the document or save it to your computer the first time you view it. You will also be notified by email when other parties file papers or documents in your case, which you may also view via PACER. Notwithstanding the email notifications, other parties will still be required to serve you by U.S. Mail with paper copies of the documents they file with the Court.

You may request to stop email notices at any time by completing a "Request to Stop Electronic Notification" form, which is available at: http://www.flmb.uscourts.gov/filing_without_attorney_1/stopnotification.htm?id=1.

You must maintain an active, working email account. The Court is not responsible for bounced-back emails. If you change your email address, you must resubmit this form.

****An individual debtor in a joint case (e.g., husband and wife) who wants to receive email notifications must file his/her own request.****

To request email notifications, please indicate whether this is an original or updated request, and provide the information requested below:
