

CHAPTER 7
TRUSTEE'S 341 FILINGS

Trustee's 341 Filings

The ECF system allows Chapter 7 Trustees to receive a list of creditor meetings by date, and then record the outcome of a group of meetings. With one docket event, the trustee can effectuate automatic docketing of the Report of No Distribution, 341 Meeting Held and Concluded, or the continuance of a meeting in each of the individual case files.

The multiple case docketing feature may be executed only by the trustee, and each trustee will have access only to his or her own cases. A user must be logged in as the trustee of record in order to have the targeted activity appear.

- The system displays a list of debtors whose appearances were scheduled on the date selected in **Step 3**.

Note: The system only shows debtors which are assigned to the Trustee who has logged into the ECF system for this transaction.

- There are 4 radio buttons that can be selected for each case. Case by case, make indications as appropriate.

Note: Only one radio box may be selected for each case. The choices are:

- *Trustee's Report of No Distribution* - Action used when the trustee has confirmed there are no assets. A docket event will reflect the Trustee's Report of No Distribution.
- *341 Meeting Held* - Action used when 341 meeting is held and concluded and no further action is needed.
- *341 Meeting Continued* - The current §341 meeting date deadline will be satisfied, and the docket will reflect the new date for the continued meeting. **Note: This selection can only be used if it is being continued to the same room.**
