

Orange County Bar Association
Bankruptcy Law Committee

By: Sophia Dean, Esquire, and Joshua Tejes, Esquire

We have a great CLE coming up with Chapter 13 Trustee Laurie Weatherford on August 25, 2017. The topic will be the effect of new case law on lien stripping and cramdowns. The CLE will cover new required language, what is proper service, and even a whole new category of property owners who could benefit from Chapter 13 bankruptcy. For example, the Court can now help a debtor value property even if the debtor is not in contractual privity with the lien holder. Because of the evolving case law on lien stripping and cramdown, the number of people Chapter 13 bankruptcy can help has greatly expanded.

We look forward to serving as the new chairs of the Committee for the coming year!
